Descripcion	Costo
Envision L32W461 32-inch LCD TV, featuring built-in HDTV and digital cable tuners, support for the advanced HDMI digital interface and dramatic styling. Boasting a high resolution 16:9 panel (1366 x 768 pixels) with a high 550 cd/m2 brightness and 1000:1 contrast ratio rating, the L32W461 sets a new standard in picture sharpness and brilliance from AOC. Its 8 millisecond response time allows fast transition between frames with virtually no ghosting, and thanks to the 176 degree viewing angle the unit's ultra rich picture can be seen from almost any point in a room. The unit has powerful 20 watt speakers, the included S/PDIF digital audio interface allows seamless integration with the latest home theater components. With its built-in VGA support L32W461 doubles as a PC monitor for web-surfing at home or office, or for digital signage applications in business environments.	\$995
